MESSAGE

MESSAGE FROM THE MANAGING DIRECTOR

On behalf of Informa Markets in India, I am delighted to welcome you to the 1st edition of Tools & Equipment Expo 2026, being held from September 17–19, 2026, at Bharat Mandapam, New Delhi.

Tools & Equipment Expo is India's most comprehensive B2B platform dedicated to the hand tools, power tools, cutting and welding technology, and industrial machinery sector. By bringing key industrial showcases together under a single, powerful identity, TAE is designed to deliver greater scale, innovation, and collaboration. The rebranded show congregates leading manufacturers, technology innovators, distributors, and decision-makers, under one unified platform to showcase next generation technologies, groundbreaking innovation, and facilitate meaningful knowledge exchange.

India's industrial tools and equipment sector is undergoing rapid infrastructure-led transformation. The power tools market, valued at \$2.26 billion, is growing at a CAGR of 8.6%, while the machine tools market, valued at \$1.97 billion, is expanding at a CAGR of 7.5%. As the manufacturing sector prepares to play a key role in the global supply chain, TAE aims to be the leading platform empowering businesses to navigate critical challenges, from supply chain dependencies to digital talent gaps, while positioning India as a premier hub for advanced industrial tools and green technology.

TAE 2026 brings together 300+ exhibitors and welcomes 8,000+ industry professionals. The expo floor displays 2,000+ products across hand tools, power tools, cutting & welding technologies, smart tools, automation, and sustainable equipment. To further enhance the visitor experience, this edition features the Demo Zone and the Innovation Arena spotlighting the latest technologies through live demonstrations, alongside 150+ new product launches.

Across the show floor, the exhibition's conference programme themed 'Powering India's Machinery Ecosystem: Innovation, Manufacturing & Global Growth' features key experts discussing critical topics such as workforce development, automation, smart manufacturing, and digitalization, among others.

I express my sincere gratitude to our exhibitors, sponsors, partners, speakers, visitors and industry associations like Chamber of Industrial and Commercial Undertakings, Ludhiana Hand Tools Association, Indian Cutting Tool Manufacturers Association, Jalandhar Traders and Manufacturers Association, Association of Welding Products Manufacturers, Aji GIDC Association, AP State Carpenters Association, and Rajkot Engineers Association for making TAE the benchmark platform it is today.

Over the next three days, I encourage you to explore new technologies, attend knowledge sessions, build business connections, and experience the innovations shaping our industry's future.

Wishing you a productive and successful Tools & Equipment Expo 2026

Yogesh Mudras
Managing Director
Informa Markets in India

MESSAGE FROM THE GROUP DIRECTOR

It is my pleasure to welcome you to Tools & Equipment Expo 2026, and to present this edition of the show directory to you.

This year's edition is particularly special as we take TAEF forward with renewed ambition and a stronger focus on the needs of the tools and equipment industry. Over the past year, our team has worked closely with exhibitors, associations, government stakeholders, and industry partners to create a platform that brings together business, technology, knowledge, and meaningful industry engagement.

The result is an edition that reflects the energy and potential of a sector that is fundamental to India's manufacturing and industrial growth.

The tools and equipment industry touches almost every part of the economy—from automotive and engineering to construction, infrastructure, woodworking, and general manufacturing. Behind every product, machine and manufacturing process are the tools, technologies and skilled professionals that make progress possible. TAEF is our endeavor to bring this ecosystem together and give it a platform to connect, collaborate, and grow.

We are especially pleased with the strong participation from China and other international markets this year. The presence of international brands and technology providers adds a valuable global perspective to the exhibition and creates opportunities for Indian businesses to explore new technologies, partnerships, and markets.

This edition also carries a special significance as it coincides with Vishwakarma Puja, an auspicious occasion for the tooling, engineering, and manufacturing community. The spirit of craftsmanship, precision and creation associated with Lord Vishwakarma reflects the very essence of the industry represented at TAEF.

I would like to place on record my sincere appreciation to our exhibitors, supporting associations, government departments, speakers, delegates, partners, and media. Your trust and participation have been central to the continued development of TAEF. To our exhibitors in particular, thank you for bringing your products, technologies, expertise, and enthusiasm to the show.

I hope this directory serves as a useful guide throughout your visit and helps you discover the people, products, technologies, and opportunities that make TAEF 2026 special.

Most importantly, I hope you leave the show with new connections, fresh ideas and opportunities that continue well beyond these three days.

Thank you for being a part of TAEF 2026. I wish you a productive, rewarding, and successful experience—and look forward to taking this journey forward together.

Prashant Jain

CONFERENCE AGENDA

CONFERENCE AGENDA

Powering India's Machinery Ecosystem: Innovation, Manufacturing & Global Growth

The Taae Conference 2026, Alongside The Tools & Equipment Expo, Is India's Leading Platform For Tools, Welding, And Machinery Industries. Bringing Together Global Manufacturers, Technology Providers, Msmes, And Oems, The Conference Will Spotlight Innovations In Hand Tools, Power Tools, Welding Technologies, Industrial Machinery, And Used Equipment Market. Explore Opportunities In Advanced Manufacturing, Automation, Industry 4.0, And Global Sourcing, While Connecting With Key Decision Makers Driving India's Rise As A Global Manufacturing And Export Hub.

Agenda Synopsis

The Tools & Equipment Expo (Taae) 2026 Conference Is A Two-Day Strategic Platform That Brings Together Policymakers, Industry Leaders, Manufacturers, Technology Providers, Msmes, Academics, And Industry Associations To Shape The Future Of India's Tools And Equipment Sector. As The Backbone Of Manufacturing, Infrastructure, Automotive, Defence, Aerospace, And Emerging Industries, The Sector Plays A Vital Role In Strengthening India's Industrial Competitiveness And Supporting The Nation's Vision Of Becoming A Global Manufacturing Hub.

The Conference Will Begin By Examining The Current State Of The Industry, Its Economic Significance, And The Opportunities Emerging From India's Manufacturing Growth Story. Discussion Will Focus On Policy Framework, Ease Of Doing Business, Manufacturing Clusters, Msme Development, And Supply Chain Resilience, While Providing Stakeholders With A Platform To Address Practical Challenges And Recommend Actionable Solutions.

The Second Day Will Shift The Focus Toward The Future Of The Sector, Exploring The Transformative Impact Of Automation, Precision Engineering, Industry 4.0, And Digital Manufacturing Technologies. Sessions Will Also Address Workforce Development, Skill Enhancement, Financing For Technology Adoption, Innovation Ecosystems, Export Competitiveness, And The Growing Demand Generated By Strategic Sectors Such As Electric Vehicles, Defence, Aerospace, Railways, And Infrastructure.

Through Keynote Addresses, Panel Discussions, Technical Sessions, And Interactive Roundtables, Taae 2026 Aims To Foster Collaboration Between Government And Industry, Encourage Technology Adoption, Strengthen Manufacturing Capabilities, And Create A Clear

CONFERENCE AGENDA

Roadmap For Sustainable Growth. The Conference Will Serve As A Catalyst For Innovation, Investment, Policy Dialogue, And Business Partnerships, Helping Position India's Tools And Equipment Industry As A Globally Competitive And Future-Ready Sector.

Sep 17 – Policy, Sector Landscape & Industry Foundations

09:00 – 10:00	Registration
10:00 – 11:00	Inaugural Session: Tools & Equipment Sector as the Backbone of Industrial Growth • Opening Remarks • Lamp lighting and Ganesh Vandana • National Anthem • Informa Markets Global video Welcome address: • Yogesh Mudras, Managing Director, Informa Markets in India; Informa Markets India video Keynote Address: • Mukesh Mohan Gupta, President, Chamber of Indian Micro Small and Medium Enterprises • Er. D.P. Singh, President, Associated Chambers of Commerce and Industry of U.P. Special Address: • Yadu Kumar Yadav, Deputy Director at NPC-DPIIT, Ministry of Commerce and Industry, GoI Guests of Honour: • Pandurang K. Pole, IAS, Secretary & Labour Commissioner, Government of NCT of Delhi* • Dr. Rajneesh, IAS, Additional Secretary, Ministry of MSME* Chief Guest: • TBC Vote of Thanks: • Prashant Jain, Group Director, Informa Markets India
11:00 – 11:30	High Tea Break

CONFERENCE AGENDA

11:30 – 12:30	Session: Current Status & Growth Potential of the Tools & Equipment Sector <i>This session will provide an overview of the current state of the tools and equipment industry in India. Experts will discuss market trends, growth opportunities, and the factors driving future demand and investments.</i> Key Discussion Points • Review of where the industry stands today and its current strengths • Explore major growth opportunities and investment areas • Understand future market demand and emerging trends Speakers: • Neeraj Kumar, Head – Sales & Marketing, Magadh Hand Tools • Tanushree Bagrodia, Group Chief Executive Officer, Uniparts India Limited • Shitu Sahni, Managing Director, Sahni OverSease
12:30 – 13:00	Technical Session: Manufacturing Clusters & MSME-Driven Ecosystems <i>Manufacturing clusters and MSMEs play a crucial role in driving industrial growth and employment. This session will explore successful cluster models and discuss ways to strengthen regional manufacturing ecosystems.</i> Key Discussion Points: • Learn from successful manufacturing clusters across India • Understand how MSMEs contribute to jobs, innovation, and growth • Discuss ways to strengthen local industrial ecosystems Speaker: • Mukesh Mohan Gupta, President, Chamber of Indian Micro Small and Medium Enterprises
13:00 – 14:00	Lunch Break
14:00 – 15:30	Session: Policy, Regulation & Ease of Doing Business <i>Government policies and regulatory frameworks significantly influence industrial growth. This session will examine key schemes, identify business challenges, and discuss reforms that can make it easier for companies to grow and invest.</i> Key Discussion Points: • Understand government initiatives like PM Vishwakarma Yojana, Production Linked Incentive (PLI), PM GatiShakti, and Startup India supporting manufacturing and industry • Identify major regulatory and compliance challenges faced by businesses • Discuss policy reforms that can accelerate sector growth

CONFERENCE AGENDA

	Speakers: • P.G. Subramanian, Executive Secretary, Indian Cutting Tool Manufacturers Association • Er. D.P. Singh, President, Associated Chambers of Commerce and Industry of U.P. • Tatikonda Ranga Babu, State President, AP State Carpenters Association • Saakshar Duggal, AI Governance & Law Expert
15:30 – 16:30	Session: Building a Future-Ready Automotive Supply Chain: Skills, Talent & Industry Collaboration <i>A competitive automotive supply chain depends not only on technology and localization, but also on a skilled and adaptable workforce. This session will explore how OEMs, suppliers, MSMEs and industry institutions can collaborate to bridge skill gaps, strengthen workforce capabilities, and build a future-ready automotive manufacturing ecosystem.</i> Key Discussion Points: • Address emerging skill gaps across the automotive manufacturing and supply-chain ecosystem • Explore how OEMs, Tier 1/Tier 2 suppliers and MSMEs can collaborate on workforce development • Discuss industry-aligned skilling, upskilling and reskilling for new technologies and manufacturing processes • Examine the role of institutional and government initiatives in strengthening talent pipelines • Prepare the workforce for EVs, automation, Industry 4.0 and other emerging automotive technologies Speaker: • Vijay Kalantri, President, All India Association of Industries
16:30 – 17:00	High Tea Break

CONFERENCE AGENDA

Sep 18 – Technology, Skills, Markets & Roadmap

10:00 – 10:30	High Tea
10:30 – 11:00	Keynote: Technology as a Growth Multiplier: Precision, Automation & Advanced Manufacturing <i>Advanced technologies are transforming manufacturing across the world. This session will showcase how automation, precision engineering, and modern manufacturing solutions can improve productivity and global competitiveness.</i> Key Discussion Points: • Understand how new technologies improve efficiency and productivity • Learn how technology helps companies compete globally • Explore practical ways to adopt advanced manufacturing solutions Speakers: • Vinnie Mehta, Director General, Automotive Component Manufacturers Association of India • Dr. Uday Narang, Founder, Omega Seiki Mobility
11:15 – 12:00	Session: Digital Manufacturing & Industry 4.0 Adoption <i>Digital technologies are changing the way factories operate. This session will focus on Industry 4.0, smart manufacturing, and strategies that help businesses successfully embrace digital transformation.</i> Key Discussion Points: • Learn about smart factories and digital manufacturing technologies • Understand how companies can begin their digital transformation journey • Discuss common implementation challenges and possible solutions Speakers: • Yadu Kumar Yadav, Deputy Director at NPC-DPIIT, Ministry of Commerce and Industry, GoI • Cosimo Cereda, Managing Director, Marposs India Pvt. Ltd. • Andres Pardo Gines, Fellow- Artificial Intelligence, CAC Holdings

CONFERENCE AGENDA

12:00 – 13:00	Technical Session: Skills, Tool Rooms & Workforce Readiness <i>A skilled workforce is critical for the future of manufacturing. This session will address industry skill gaps, training programs, and stronger collaboration between industry and educational institutions.</i> Key Discussion Points: • Identify key skills required for the future workforce • Explore training, certification, and apprenticeship opportunities like Pradhan Mantri Kaushal Vikas Yojana (PMKVY), Skill India Digital Hub (SIDH), and National Apprenticeship Promotion Scheme (NAPS) • Strengthening partnerships between industry and educational institutions Speakers: • Dr. Nagahnumaiah, Director, Central Manufacturing Technology Institute, Bengaluru • Dr. Prashant Chauhan, Professor & HOD, JSS University • Prof. Sanjay Bhattacharyya, Professor of Diplomatic Practice, JSIA and Director, Jindal Global Centre for G20 Studies
13:00 – 14:00	Networking Lunch
14:00 – 15:00	Session: Export Potential & Global Market Competitiveness <i>As India strengthens its manufacturing capabilities, global markets offer significant growth opportunities. This session will focus on export readiness, international quality standards, and building competitive global brands.</i> Key Discussion Points: • Understand global market opportunities for Indian manufacturers • Learn about international quality and certification requirements • Discuss strategies for building strong global brands Speakers: • Kapil Kothari, Head – Brand & Marketing, Kobelco Construction Equipment India Pvt. Ltd. • Naina Bhardwaj, Associate Director – International Business Advisory, Dezan Shira & Associates (Presentation)
15:00 – 15:30	Presentation • Rajesh Peshion, Sr GM – Marketing, Virendera Tools
15:30 – 16:00	High Tea Break
16:00 – 16:30	Valedictory Session
